

7<sup>th</sup> October 2022

Dear Parents,

## Environment Week

17<sup>th</sup> – 21<sup>st</sup> October 2022

Following the success of last year's Environment Week, we are planning another week of activities to focus on raising an awareness of some current environmental issues.

Each year group will have an assigned theme that links in (where possible) with their National Curriculum areas of study:

Reception	Recycling
Year 1	Reducing Waste
Year 2	Litter/Plastic Pollution
Year 3	Food Waste/Sustainability
Year 4	Energy
Year 5	Climate Change
Year 6	Air Pollution

To launch this special week, **Monday 17<sup>th</sup> October** will be a non-uniform day and we ask that the children come into school wearing **blue and/or green**. We are not collecting any donations on this occasion.

To support us with this project; if you have specialist knowledge and/or work in a relevant field and are able to offer some time to come in and share this, please let the school know via the Bowes Office.

We look forward to exploring these key themes with the children.

Best wishes,

Effie Demetriou

**Headteacher**
