Executive Headteacher: Sarah Turner

## **BOWES CHAIR OF GOVERNORS REPORTS THE FOLLOWING ON TRAFFIC PROBLEMS IN HIGHWORTH ROAD IN JANUARY 2014**

“Bowes is situated on an extremely busy junction, and although most parents are considerate there is a significant minority who persist in breaking the law by parking on the yellow zig zags and on the double red lines.

“The school has tried to resolve this problem by using banners, and liaising with TfL and the local authority to get traffic wardens to patrol the area and installing a camera nearby, although these have only ever been offered on a temporary basis. The majority of parents are concerned about road safety and traffic enforcement, and are supportive of such measures. A strongly-worded letter I sent personally to all parents in January received particular support, and appears to have made a difference as the parking restrictions are being better observed than in the past.

“But for as long as Highworth Road is a two-way street with no room to pass and extremely limited parking, Bowes will always have this problem and it requires the constant pressure from the school and the goodwill of parents to keep traffic to a minimum and children safe.”
